Art Unit: 1755

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1,2,4 and 7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 sets forth two ranges for the amount of "Li<sub>2</sub>O" therefor the meets and bounds of the claims cannot be determined. Line 6 allows for 10% while line 11 requires "greater than 10%".

Claim 1, line 11 "said dielectric composition" should be "said glass composition" because the amount of "Li<sub>2</sub>O" is based on the glass not the entire dielectric composition.

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 1,2,4 and 7 are rejected under 35 U.S.C. 102(a or e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Sugimoto et al, 6,107,228, for reasons of record.

Because the claims set forth both 10% and greater than 10% for the amount of Li<sub>2</sub>O it is not clear which amount is encompassed by the claim and therefor the rejection is maintained.

5. Applicants are requested to amend the title to correspond to the claimed invention.

6. A telephone interview was held with applicants' representative, Timothy Gibson, on January 6, 2004, to proposed an examiner's amendment to correct the above 112 rejection. The proposed amendment was line 6, delete "at least 10%" and insert "greater than 10 % to about 25%" and deleting the last two lines of the claim. No agreement was reached on the amendment.

7. Greater than 10%  $\text{Li}_2\text{O}$  in the claims is considered to overcome the rejection over Sugimoto et al because teach .1-10 wt%  $\text{Li}_2\text{O}$ .

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
